*"Greenslopes SS Outside School Care Association is a family and community-oriented service and is providing recreational and fun experiences for children. We welcome and include children of all gender, abilities, religious and cultural background. We aim to support children to understand themselves, and to develop positive images about their abilities, interest as well as a strong sense of wellbeing and social competence. We design and implement our program in a carefully planned play environment where children's progress is regularly recorded, reviewed and built upon".*

*Greenslopes SS Outside School Care believes that each child has the right to be an active member of the community in which they live, to express their opinions and to have their views considered in decisions that affect them.*

*It also follows the same forms of behaviour management so the consequences of behaviour choices are consistent for the child.*

*We believe the best interests of the children and their right to play, learn and develop in a safe and nurturing environment, is the primary consideration in all decision making at the service and is visible in the actions, interactions and daily work with the children.*

*We believe that children are active learners from birth and through rich, engaging environments and meaningful interactions, we can build a foundation for successful lifelong learning.*

*We acknowledge that parents and families are the child's primary educators and that respectful, collaborative relationships strengthen the capacity and efforts of families and OSHC services to support and promote each child's health and wellbeing.*

## **PARENT CODE OF CONDUCT POLICY**

---

The Centre Coordinators are available for parents to speak briefly to at all times when the service is open. Longer, more confidential appointments can be made to speak with the Coordinator. If you wish to speak to someone other than the Coordinator you can follow the **Complaints Handling Policy** outlined in the Policy and Procedure Manual. This ensures an opportunity for you to express any concerns you may have regarding the operation of the service in a suitable manner.

- Supervision of children is the responsibility of educators. If an issue arises regarding children at OSCA the issue should be addressed by educators without parent intervention (unless invited by educators)
- Parents should not approach or confront other parents or other children at OSCA
- There will be no swearing or raised voices
- Educators members have the right to ask a person to leave the premises if they feel intimidated in any way. Police will be called if person does not respond to request to leave the premises.
- We recommend that parents stay no longer than 10 minutes at the start and at the end of the day when dropping off or picking up their children. During this time Parents are welcomed to read a book to their child/ren or play games with their children to help them with the transition time. However, parents who would like to stay longer and take active part in doing the activities or playing games with children, should:
  - ✓ make an appointment with the coordinator to discuss the implementation of activities
  - ✓ have blue card obtained from the Commission for Children and Young People (OSCA coordinator can help)

We believe that Parents need to:

- Be supportive of all educators and of Centre policies
- Be involved (if time permits) in the various activities of the centre eg parents meetings, fundraising and voluntary activities if needed and available

Provide feedback and have input into the centre's goals, philosophies and policies

## CHILD CARE SUBSIDY

Child Care Subsidy is the main type of assistance that most families will use. It is generally paid directly to providers to be passed on to families as a fee reduction. There are a few steps to getting childcare subsidy paid.

**To apply for the Child Care Subsidy**, you will need to provide details, including:

- Combined family income
- Activity level of parents
- Type of child care service
- Log in to complete your online form through myGov.

### **To confirm your child's Child Care Subsidy enrolment:**

- Log online into MyGov to confirm

To ensure that you receive your child care subsidy, please confirm your child's government enrolment through MyGov **prior to their start date at the service**. In addition, you must complete the Centrelink Claim and Activity Test in MyGov.

Please note the CWA need to be signed every time when booking is changed.

Follow the link to see more information:

<https://support.ourxplor.com/hc/en-us/articles/360015429272-CWA-Approval-and-CCS-Enrolment-Confirmation#:~:text=View%20and%20confirm%20your%20child's,confirm%20or%20dispute%20the%20details.>

### **Using MyGov**

Step 1. Sign in to your myGov account. If you don't have one, you will need to create a myGov account.

Step 2. Link myGov to Centrelink. You can do this under Services.

Step 3. Select Centrelink and complete the Child Care Subsidy Assessment.

Families make a co-contribution to their child care fees and pay the provider the difference between the fee charged and the subsidy amount.

### **The enrolment process**

There are four steps to enroll a child.

1. The individual makes a claim for Child Care Subsidy with Centrelink
2. The provider and individual agree an arrangement for care of a child
3. The provider submits an enrolment notice
4. The individual confirms the enrolment.

The first two steps do not have to occur in this order, but no subsidy can be paid until all four steps have been completed.

### **Information for families**

Families can access a range of more detailed information about their entitlements to Child Care Subsidy ([www.education.gov.au/ChildCarePackage](http://www.education.gov.au/ChildCarePackage))

Families can identify which payments they may be entitled to receive, including the Child Care Subsidy, through the online Payment and Service Finder ([www.centrelink.gov.au](http://www.centrelink.gov.au))

**It is important that families keep Centrelink informed about any change of family circumstances**

## ABSENCES

### Initial 42 days absence

Child Care Subsidy and Additional Child Care Subsidy are payable for up to 42 absence days for a child in a financial year, in relation to sessions of care where an individual still incurs a genuine fee liability to pay for the care. A reason does not need to be provided for a child's initial 42 days of absence.

### Additional absence days

Once 42 absence days have occurred in a financial year, Child Care Subsidy and Additional Child Care Subsidy can only be paid for any additional absences where they are taken for a reason defined in the Family Assistance Law. These reasons can include any of the following:

- the child, the individual who cares for the child, the individual's partner or another person with whom the child lives is ill
- the child is attending preschool
- alternative arrangements have been made on a pupil-free day
- the child has not been immunised against a particular infectious disease, the absence occurs during an immunisation grace period and a medical practitioner has certified that exposure to the infectious disease would pose a health risk to the child
- the absence is because the child is spending time with a person other than the individual who is their usual carer as required by a court order or a parenting plan
- the service is closed as a direct result of a period of local emergency
- the child cannot attend because of a local emergency (for example, because they are unable to travel to the service), during the period of the emergency or up to 28 days afterwards
- the individual who cares for the child has decided the child should not attend the service for up to seven days immediately following the end of a period of local emergency.

In shared care arrangements (where separated parents both claim Child Care Subsidy for the child's care), the allocation of 42 absences relates to the child, not to each individual claimant.

**Allowable Absences:** If your child/ren is permanently booked in to the Centre but will not be attending you will be charged for all days booked. According to guidelines relating to the administration of Child Care Subsidy all families are entitled to 42 days allowable absence days per financial year per child. For up to 42 days you will be able to receive your CCS entitlement. Once you use your 42 days allowable absences, full fee will apply to any further absences.

### A child who has not yet received care or who has ceased receiving care

Child Care Subsidy will not be paid for absences where a provider charges a family to reserve a place for a child who has not yet physically started care. If a child is booked in to start at a service on a particular date, and does not start on that day, no Child Care Subsidy will be paid until the child physically attends a session of care.

Similarly, a child care service is taken to have permanently ceased providing care for a child on the day the child last physically attends a session of care. This means that Child Care Subsidy will not be paid for absences submitted after a child last physically attends a session of care.

If a family has confirmed their child's last day at a service, but that child does not attend their last booked session of care, no Child Care Subsidy will be paid for any days after the child's last physical attendance at the service.

If a provider continues to charge fees for sessions on days after a child has left the service because the family did not give the agreed period of notice, Child Care Subsidy will not be payable for these sessions of care. If absences are reported in the above circumstances and Child Care Subsidy is incorrectly paid, these amounts will be recovered from the service.

### Long absences

If a long absence is anticipated, the plans for this, and how it will be managed, can be specified in the Complying Written Arrangement. However, where a child does not attend a service within a period of eight weeks or more, the enrolment will be taken to have ended. Even where an absence longer than eight weeks is planned in the Complying Written Arrangement, a new enrolment notice will need to be submitted when care recommences after the absence. If a long absence is planned, the family may prefer to end the enrolment and submit a new notice when physical attendance recommences, so that the child's initial 42 days absences are not used up.

## COMPLAINTS HANDLING POLICY

---

To ensure service provision is in keeping with these Policies and Procedures and other applicable requirements, the Service invites comments and complaints from children, parents/guardians, employees and the community. The Service respects and considers all complaints, which require a resolution, seriously and attempts to find a satisfactory resolution wherever possible.

### Procedures

The Co-ordinator shall be the first contact for all comments and/or complaints. However the complainant will have direct access to the Approved Provider, and the Co-ordinator will permit and, if appropriate, encourage the complainant to do so, if:

- the complaint is about the conduct of the Coordinator;
- the complainant is not comfortable to take the complaint to the Co-ordinator;
- the complainant is not satisfied with the Co-ordinator's handling of the complaint;
- the complaint is about a matter of Management and Administration Policy.

For this purpose, parents and others will be kept informed of the current contact details of the chair of the Approved Provider through the Family Handbook, newsletter or other appropriate form of communication, and otherwise will be available on request.

Using the Complaint Record Form, the Co-ordinator will record all details of the complaint, any relevant discussions, and if appropriate, the resolution of the complaint. Both the Co-ordinator and complainant should sign this form with a copy provided to the complainant on request.

The Co-ordinator will seek to resolve all genuine and reasonable complaints in the most appropriate way possible in consultation with the complainant. Discussions with the complainant are not to be conducted in presence of the children, other employees or parents. Where an issue cannot be immediately resolved, a separate time will be made by the director (or director's representative) and the other to resolve the issue.

To protect the privacy of all individuals, and encourage openness and honesty in the handling of complaints, the complaints record form is a confidential document, which will not be accessible to any person, provided that the Co-ordinator will provide copies of relevant entries only to a complainant on request.

Any matters of complaint can be referred to the Service Approved Provider or the relevant Regulatory Body for further guidance and/or assistance.

## BEHAVIOUR POLICY

### MINOR BREACHES

- Occasional minor errors of judgment are considered normal.
- The breach is not part of a pattern of problem behaviour
- The child communicates about the breach respectfully, is cooperative, helpful and understand the rights of others.
- Repeated minor behavior breaches may constitute a major behavioral issue.
- Refer to examples of minor breaches in Appendix B.

### **Minor Breach Action**

#### **An educator will use a calm voice to:**

- Name the behavior the child has displayed & explain expected behaviour
- Ask the child to name the expected behaviour
- The child can continue to participate in all program activities.
- Educator will support the child to make right choices.

### MAJOR BREACHES

A major behaviour breach may or may not be a part of a pattern of problem behaviour

#### **MAJOR BREACH ACTION- LEVEL 1 – WARNING**

#### **A warning will invoke;**

- Removal from an activity
- Re-direction procedure
- When a child exhibits problem behaviour the first response of OSCA educator is to remind the child of expected behaviour then ask them to change the behaviour so that it is in line with OSCA expectations
- Child will be directed to the quiet corner, near coordinator's office, for a maximum period of between 3-10 minutes.
- The staff will keep child under close supervision. At the completion of time in quiet corner, the staff will reiterate "redirect" conversation and consequences and given the chance to change his/her behaviour.
- Child can then return to the activity.

#### **MAJOR BREACH ACTION- LEVEL 2 – PARENT CONTACTED**

- If the child is cooperative, the behaviour is dealt with by staff, using redirect strategy.
- If the child fails to change behaviour with the redirect strategy the coordinator will inform the child's parent(s)/guardian and ask them to speak with the child.
- The child will be informed by the Coordinator and parent(s)/guardian about the consequence of moving to the next level and given the chance to change his/her behaviour.
- The incident is noted and placed into child's enrolment file.

#### **MAJOR BREACH ACTION LEVEL 3 – SUSPENSION**

- The child's parent / Carer will be required to meet with the Coordinator and, a member of the management committee to discuss the incident.
- A suspension period of between one and five day's will result.
- The incident will be recorded and placed into child's enrolment file.

#### **MAJOR BREACH ACTION - LEVEL 4 – EXCLUSION**

- A child will be permanently excluded from the OSCA service where the child's conduct is so serious that suspension of the child is inadequate and previous suspension has not changed the behavior.
- A letter from the Management Committee will outline the reasons for this course of action.
- The incident will be recorded and placed into the child's enrollment file.

The Community Craft Group, from the Greenslopes Baptist Church, come once a month and teach our children craft skills. We periodically invite special visitors from the community, parents and staff to give presentations to the children during After School Care.

Opportunities for unstructured and quiet play are also provided, including areas for children to withdraw from all activities. Our aim is to provide activities that develop each child's social, emotional, lingual, physical, intellectual, social, creative and recreational potential, while being developmentally appropriate to each child. The program seeks to foster self-esteem and confidence in children by including their own ideas into the planning and providing experiences that encourage children to negotiate and cooperate in small groups. Our activities are designed to reflect the multicultural and multilingual nature of our community.
